NEWLETTERS

Bulletin No. 01 – September 2026

Hello to you,

I'm going to take a few minutes of your time to give you an update on the Matte Association of America.

Here is the current news:

1) We are currently 32 members, we need 50 members to continue otherwise in 2 years we will close shop. IT'S UP TO YOU and financially too.

For an association that officially started in mid-2014, it should be better, it is through your personal contacts that we can BE MORE. We have held more than 9 Gatherings to date.

2) In terms of computers, we have worked a lot. The new site is easy to find your questions about our family

3) The big challenge this year is membership and adding at least 2 members to the board, one of whom would be in charge of advertising our gang on Instagram, Tik Tok, Newspapers (local, regional), Info Lettre, etc.

4) Another gathering is in the air for August 2027 in the Quebec City area because we have to think North America. There are Matte's in the Eastern Townships, Lac St-Jean, Montreal, Ontario, Louisiana, Montana who don't know us yet.

5) We repeat, if we could have a member who would take care of advertising (relationship with media (local, municipal, regional) to write articles for site, newspaper, photos,). This person would be part of the board. We realize that it is with the publicity of our meetings that we have ++ members. Contact me if interested.

Thank you for taking a few minutes to read these lines, hoping they will be useful.

Thanks to Guy Matte's tact, our stay was most memorable.
Claude Matte, Président

Here are photos from the last Rally with an incomparable guide, the Member of
Parliament for Ottawa-Vanier-Gloucester: The Honourable Mona Fortier,
Parliamentary Secretary to the Minister of Foreign Affairs.

If you had been a visitor, there are many places that you would not have visited. First
of all, the meeting room of the parliamentary committees. Thanks to Ms. Fortier, the
location of the members of the government (Liberal), those of the opposition
(Conservative, Bloc Québécois and the NDP) have been able to understand the process.

Then a place that is often seen on television, the entrance to the House of Commons with its paintings and its protocol for the use of the corridors that leads to it.

Guided tour visitors do not have access to the House of Commons. Here is a photo of what the Speaker of the House of Commons, Francis Scarpaleggia, sees when he takes his seat in his chair.

Thanks to our guide, we were explained the protocol: The entrance of the deputies, the sergeant-at-arms, the mace, the speaker of the House, the location of the governor's members and other deputies
The way to proceed when he sits. We were able to sit in different seats, including for me the Prime Minister, for the other Mattes, those of the Minister of the Treasury Board, Foreign Affairs, etc

Then the back room of the House of Commons. If you had been there, you would have taken advantage of it and each received a gift from our guide, unfortunately you were not there. More photos, next newsletter.
